**IMPORTANT NOTICE:**

- Individuals being considered for nomination as the Futurity/Maturity judge do not have to be a licensed Norwegian Elkhound judge but must be in good standing with the NEAA and the American Kennel Club (AKC), or (if applicable) the kennel club of their country of origin.
- Any individual elected to judge the Futurity/Maturity who has a litter nominated for that Futurity/Maturity shall forfeit that nomination; any puppies individually nominated for that Futurity/Maturity, which are owned by others, shall forfeit their nominations as well.
- Any individual who judges an NEAA conformation event, including judges of sweepstakes or futurities held with licensed or member shows, shall do so in accordance with the policies and rules as defined by the AKC in *Rules, Policies and Guidelines for Conformation Dog Show Judges* and *Rules Applying to Dog Shows* ("Chapter 11, Section 13 – Dog Show Entries, Conditions of Dogs Affecting Eligibility"). In accordance with American Kennel Club rules, any person judging sweepstakes or futurities at a multi-day specialty show will not be allowed to show in conformation for the duration of the multi-day show, but will be allowed to show in performance on the days they are not judging. They may, however, show the day before a multi-day specialty show begins and the day after a multi-day specialty show ends.
